Osocor Residence

"OSOCOR RESIDENCE" is an interesting reason to look at the canonized in a new way the archetype of a popular form of recreation. The basis of our idea is creation a unique space on the picturesque shore of the lake and the opportunity for everyone to escape from the hustle and bustle of the city in any season and weather without leaving the city itself. On the territory of the complex you will find a cozy hotel and a cottage with its own bathhouse, a restaurant with amazing landscapes from panoramic windows, a huge swimming pool with a warm jacuzzi.

For high-profile events, we have provided an open terrace where you can enjoy the festive atmosphere under the open sky.

We have prepared a game room and a playground for our little guests outdoors. Your kids will have fun and benefit under the reliable supervision of our nanny.
